

Class 4 Homework (for 16th September 2011)

Version h

5-digit Numbers

You will need...
- a pencil

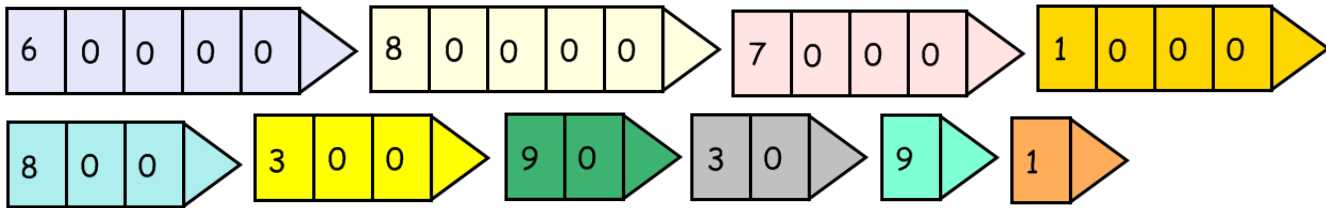

Use the place value cards below to make 5-digit numbers. e.g.

...makes....

Write the numbers you make in order from smallest to largest. There are 32 possible numbers. Can you find them all? I have made larger versions of the cards so that you can cut them out and find the numbers that way if you so wish. Do your working out on the back of the sheet.

In addition you may also wish to...

Order numbers to at least 1000 by competing in the Maths Olympics

<http://tinyurl.com/wpclass4-1>

revise your understanding of place value by making the number shown

<http://tinyurl.com/wpclass4-2>

practice separating into th, h, t, u (medium and hard levels)

<http://tinyurl.com/wpclass4-3>

practice your 3, 4, 5 and 6 x tables

<http://tinyurl.com/wpclass4-4>

Targets we will be working on next week...

- I can derive quickly pairs of numbers that total 100
- Derive quickly pairs of multiples of 5 that total 100
- I can find what to add to a 2- or 3-digit number to make 100 or the next multiple of 100
- Find what to add to a 4-digit multiple of 100 to make the next multiple of 1000

Spellings (for September 16th) ... the spellings this week will follow work on double consonants

1

- Rules:
1. Double the letter after a short vowel in the middle of words e.g. hop = hopping
 2. No words use hh, jj, kk, qq, vv, ww, xx. Some words in list 3 may require knowledge of 'ing' ending rules

List 1

getting follow
hoping hopping
swimming running
coming popping
clapping dinner

List 2

written tapping
hoping hopping
watching lighting
jamming popping
taping rubbing

List 3

tapping biting
suddenly taping
grabbed wiping
seeing leaving
stirring tapping

Homework and spellings is available on the Class 4 page of the school website. I will post the homework every Thursday evening and send home paper copies on a Friday
