

Class 4 Homework (for 25th November 2011)

Version h

You will need...
- a pencil

Mooltiplication

We have been multiplying using the grid method e.g.

$$6 \times 48 = 288$$

	40	8
6x	240	48

$$240 + 48 = 288$$

Complete the calculations on the back by multiplying the number of cows in each herd by the amount of milk they each produce. Assume each animal in each herd produces the same amount of milk.

Show your working out.

In addition you may also wish to...

download and play the demo version of Arithmemouse

<http://tinyurl.com/wpclass4-34>

play multiplication explorer

<http://tinyurl.com/wpclass4-35>

skateboard your way through the 6x table

<http://tinyurl.com/wpclass4-36>

skateboard your way through the 7x table

<http://tinyurl.com/wpclass4-37>

skateboard your way through the 8x table

<http://tinyurl.com/wpclass4-38>

Targets we will be working on next week...

- I can recognise simple fractions that are several parts of a whole
- I can identify two simple fractions with a total of 1
- I can recognise equivalence between simple fractions
- I can recognise mixed number fractions

Spellings (for November 25th 2011) - we have been looking at words ending in f when a suffix is added

9

List 1		List 2		List 3		Challenge List	
half	third	halves	chiefs	halves	shelves	circumstance	incident
Christmas	night	sniffs	knives	sniffs	believes	cylinder	cyclist
woken	before	loaves	lives	ourselves	lives	celebrate	decision
sometimes	across	wolves	cliffs	wolves	scarves	decimal	fraction
quarter	together	quarter	wives	quarter	swerves	decide	certain

Homework and spelling sheets are available on the Class 4 page of the school website. I will post the homework every Thursday evening and send home paper copies on a Friday. Should you need any of the homework explaining, e-mail wpclass4@gmail.com
